WASHINGTON C. H., OHIO, TUESDAY, FEBRUARY 5, 1918

Ten Cents a Week

WARMER

U. S. ARTILLERY FIRE FRUSTRATES GERMAN RAID AND SLAUGHTERS MASSED TEUTONS

WEATHER MODERATING

Washington, February 5.—The severe cold today gripped the country east of the Mississippi river from its northern border to the Gulf adding its share toward making this one of the extraordinary winters of modern times.

The present cold wave is not expected to be of long duration as there is indication of moderation in the Lake region and Ohio valley tonight and in other districts Wednesday and Thursday.

GOLDEST WEATHER OF YEAR

Mercury Reaches Low Point and Sticks Below Zero Much of the Forenoon.

Coal Shortage So Bad That Governor Cox Goes to Washington to Seek Some Relief.

By Associated Press Dispatch.
Columbus, Ohio, Feb. 5.—With but little coal at its command, Ohio today was suffering the coldest weather of the winter.

The thermometer ranged from 5 to 17 below zero in various sections of the state.

Declaring the coal situation is as bad as ever, Governor Cox planned to leave for Washington tonight to plead for relief measures from government officials.

His principal conference will be with Railroad Director General McAdoo who will be asked to send a personal representative to Ohio in an effort to clear up the serious railroad congestion.

At Dayton the thermometer registered five degrees below zero; 17 below was registered at Youngstown and Canton, and 10 below was recorded at Columbus. At nine o'clock this morning 13 degrees below zero, the record for the year, was registered at Cleveland, while at Dayton the mercury was from 5 to 10 degrees below zero in isolated places in the city.

NEW HEAD OF AMERICAN RED CROSS

MAJOR PERKINS AND MRS. WM. SHARP.

Major James H. Perkins, head of the American Red Cross in Europe, talking with Mrs. William G. Sharp, wife of the American Ambassador to France. Major Perkins, a prominent New York banker, succeeded Major Grayson Murphy as head of the American Red Cross mission abroad. He acted as Major Murphy's assistant since the establishment of headquarters in France. Mrs. Sharp has been one of the most active workers among the American women in Paris in the interests of the Red Cross.

Barrage Fire of Americans Catches Boches in Front Line Trenches Just Before They Were Ready To Launch Raid and Enemy Plans are Quickly Shattered by High Explosives.

HINDENBURG SAID TO HAVE BOASTED HE WILL BE IN PARIS DURING APRIL

Rumanian and Russian Troops in Bloody Battle in Which Russians Are Worst—Zeebrugge is Bombed by Allied Airmen—Strike Subsides.

With the American Army in France, February 4.—(By Associated Press)—German plans to raid the American trenches were frustrated early this morning. The American artillerymen put down a heavy barrage in front of and on the German lines which are believed to have been filled with men and officers awaiting the signal to attack.

HINDENBURG MAKES BOAST

The Hague, February 5.—(Correspondence of the Associated Press)—Travelers from Germany bring an account of a conference at Berlin at which Field Marshal Von Hindenburg and German newspaper editors discussed the food situation. The editors told Von Hindenburg that by next May there would be no food in Germany.

"My reply is," said the Field Marshal, "that by next April I shall be in Paris."

STRIKE INFORMATION MEAGRE

Meagre information concerning the strike situation in Germany does not make clear whether the workmen returned to their tasks Monday as their leaders advised after threats of force had been issued by the military authorities. Wilhelm Dittman, an independent socialist deputy in the Reichstag, has been sentenced to confinement in a fortress for five years, on charges growing out of the strike movement.

Conferences in Berlin between statesmen and military leaders of the Central powers are reported to concern the food question, and the probable attitude toward Russia and the Ukraine. German political circles feel, a report says, that the return to Berlin of Foreign Ministers Von Kuhlman and Czernin forecast the breaking of the negotiations at Brest Litovsk.

Active fighting between the Rumanians and Bolsheviks has begun. Two Russian divisions were captured by the Rumanians who also have gone to the aid of the authorities of Bessarabia against the Bolsheviks. Heavy fighting is in progress in Bessarabia between the Russians and the Rumanians.

There has been no change from the daily routine of raids and artillery duels in France and Italy.

Entente aviators have again bombed the German submarine base at Zeebrugge. Bombs also were dropped in the harbor of Bruges.

Venice, Padua, Treviso and Mestre have been bombed by Austro-German airmen. There was no loss of life or property damage in Venice, but the other cities suffered casualties and property loss.

STRIKE RESULTS STILL UNCERTAIN

Little news has come out of Germany to throw light upon what happened on Monday in connection with the strike situation, that being the day when military discipline was to be applied to strikers who failed to return to work.

Virtually all the information along this line comes from German government sources, being contained in the daily semi-official report of the day's happenings permitted to be telegraphed to Amsterdam.

This showed not all strikers were yet back at their places of employment, it being admitted that some of the big armament factories were running only to 75 percent of capacity.

Others, it was indicated, were running with full forces and the prediction was made that today there would be a further return of workers. Thus, it was added, the strikes might be considered ended.

BREAD RATION TWO OUNCES

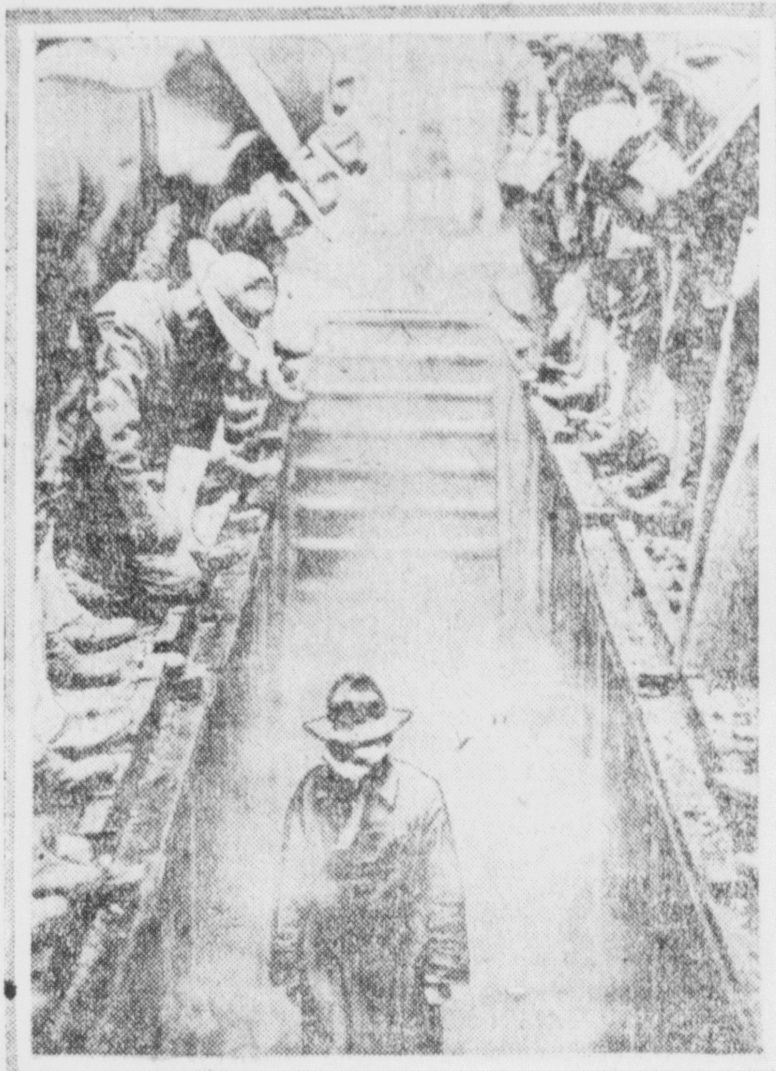

By Associated Press Dispatch.

Washington, Feb. 5.—A two ounce bread ration was ordered today by the food administration for patrons of hotels, restaurants and dining cars. This allowance is about that now observed in England.

Telegrams went out today to the Food Administration's state hotel representatives with instructions that not more than two ounces of wheat bread may be served to anyone at any one meal, except that when rolls or bread made from corn, oatmeal or bran are served, and when only one kind other than wheat bread is ordered, a portion may consist of four ounces.

Rolls may not weigh more than one ounce each.

AMERICAN TROOPERS TESTING GAS MASKS

TESTING GAS MASKS. Committee on Public Information.

The new gas masks now used by the "Sammies in France" must be thoroughly tested before the boys go into the trenches. One of our fighting men is shown giving his mask a trial in a trench built for the purpose behind the lines. The trench is filled with heavy gases, and the boys take turns in testing the masks doled out with their equipment.

COST OF WAR BELOW EARLIER ESTIMATES

First Ten Months Cost U. S. \$24,000,000 Daily of Which More Than Half is Loaned to Allies.

War's Cost Increasing at \$100,000,000 Each Month.

By Associated Press Dispatch.

Washington, February 5.—Ten months of the war have cost the United States about \$7,100,000,000 at the rate of \$710,000,000 a month; nearly \$24,000,000 a day.

More than half of this sum, or \$4,121,000,000 has been paid as loans to the allies and the balance, about three billions, represents America's outlay for its own war purposes.

The war's cost in money is increasing at the rate of more than \$100,000,000 a month, and indications are that the two remaining months of the nation's first year at war will run its war bill to nearly \$10,000,000,000, of which five billions will be for allied loans and about the same amount for the army, navy, shipping board and other war agencies.

These figures compiled today from treasury figures show the country's expenditures are below official estimates made early in the war.

Lutherans Want \$75,000.

Chicago, Feb. 5.—A nation-wide campaign for a fund of \$75,000 with which to establish Lutheran camps and place Lutheran ministers in all army and navy cantonments will be started Feb. 27, it was decided at a meeting of the national Lutheran commission for soldiers and sailors.

ACCUSES THE RAILWAYS OF CONSPIRACY

Head of Railway Trainmen Openly Charges Railroad Management Responsible for General Break Down.

By Associated Press Dispatch.

Washington, February 5.—Traffic congestion throughout the country was blamed on the railroad management today at the railroad wage hearing, by union leaders, who said the management desired to discredit the operation of the eight-hour law and more lately to make government operation of the roads a failure.

W. T. Lee, president of the Railway Trainmen, said he had evidence that veteran railroad men were replaced by inexperienced employees that engines had been allowed to freeze up over night, and that train crews had been called out and kept waiting until the 16-hour law overtook them before being sent out of the terminal.

Asked by Chairman Lane of the Railroad Wage Commission who was responsible for these things, Mr. Lee said he could trace it back to about four banks in New York City which control railroad financing.

BURNS TO DEATH

Canton, O., February 5.—(Associated Press Dispatch)—Thirteen persons narrowly escaped death this morning because they were unable to understand a deaf and dumb man who was trying to tell them the house was on fire.

All got out safely except James Halstead, 40, who was burned to death. A woman was badly injured when she jumped from a second story window with her baby. The child was unhurt.

TOLL OF U-BOATS

(Associated Press Cable)

London, February 5.—German U-boats, according to a reply given by Andrew Bonar Law, government leader in the House of Commons, today, has done to death 14,125 noncombatant British women, men and children.

FUELLESS DAYS WILL GO ON

By Associated Press Dispatch.

Washington, February 5.—It was practically certain today after a conference between Garfield and Director General McAdoo that the heatless Monday could not be immediately abandoned as had been hoped because the intense cold has so cut down movements of fuel supply to the country.

AMERICAN SOLDIERS MAY BE IN FLANDERS

War Department Considering Proposal to Finish Training Sammies in Flanders.

Would Release The Soldiers of Britain for Front Line Duty at Once.

By Associated Press Dispatch.

Washington, February 5.—American troops may appear in British trenches on the Flanders front as a result of studies now being made here and in Europe. If the project is carried out American units would be passed through the British training system from receiving camps to finishing courses in front line trenches, drawing supplies and equipment from British sources until graduate battalions were withdrawn for incorporation in General Pershing's army.

The suggestion came from British officials through General Pershing. Final action on the proposition probably rests on recommendation of General Bliss, who is considering it in conference with the supreme war council.

The plan is a development of the proposal that American troops might be sent to England for training, releasing British forces there for front line duty. The object sought is to hasten the expansion of the American army in France.

Details of the plan are not available for publication, but it is known, however, to have encountered numerous practical objections here which also occurred to General Pershing in forwarding the suggestion.

It can be said, however, that the

SUGAR FIRM IS PUNISHED

By Associated Press Dispatch.

Columbus, O., February 5.—As penalty for the alleged violation of the government food control act, Fred Croxton, State Federal Food Administrator, today revoked for two weeks the license of the Central Sugar Company, of Chicago, which does a large business in Ohio and which has branch offices at Cleveland, Akron, Canton and Sandusky.

During the two weeks the Food Administration ordered that the company must continue to ship its usual amount of sugar into Ohio. It will be sold and distributed by the Food Administration.

OHIO MECHANICS CALLED TO AID

By Associated Press Dispatch.

Columbus, O., February 5.—Governor Cox today issued a proclamation calling upon Ohio mechanics to engage in government shipbuilding work.

COMMISSIONERS BUY BIG TRUCKS FOR ROAD WORK

Scarcity of Teams Looms Up and Modern Equipment is Added to County's Road Working Facilities—Each Truck to Do Work of Several Teams—Need of Organization.

The County Commissioners at their Monday session, ordered two five-ton trucks which will be utilized during the coming season for road construction or repair work wherever most needed in the county, and this is expected to aid in the solution of the serious labor problem which is confronting the county insofar as highway work is concerned.

It was pointed out by the commissioners that a large fund of the two-mill tax levy for road building purposes is now in the county treasury and doubtless would lay there indefinitely for lack of teams for the transportation of gravel and crushed stone, so that they decided upon the purchase of the two big trucks as a step toward modern methods in road repair in Fayette county.

The trucks will each do the work of several teams and at much less cost, it is figured, and will need only a driver and men to load, where several teams would be required, and could not be obtained because of the farm work.

With the two big trucks, which will be delivered soon, the road repair work can go forward throughout the county, for it is planned to use them wherever needed.

The plan is for some definite organization in the county, which will include representatives from each section, and the formation of a crew of road workers who will take up the work in methodical manner and carry it to completion on each road where rebuilding or repair is made.

The trucks represent virtually the only modern equipment for road building that the county has purchased in many years.

TEETH OF PUPILS RECEIVE ATTENTION

Dental examination is now under way in the public schools of the city, and the various dentists of the city are making good headway in the work and expect to complete it in three days time.

The examination discloses the fact that there is a decided improvement in the work over the previous examination, showing that the parents have realized the great advantages of the examinations and have acted accordingly.

THE OLD RELIABLE STILL IN THE LEAD

The Food Commissioner has modified the order on flour—you only have to take one-third substitute with your flour order. Monday, Tuesday and Wednesday, we will sell 3 pounds soup or Lima beans for 50c, 1½ pounds for 25c, 3 pounds fancy Malt peaches for 50c, 1½ pounds for 25c. All of our laundry soaps 6c per cake. Party and Mother's Oats 10c per box. Bulk oats 7½c per pound. We have rye flour, fancy oranges, apples, grape fruit, cranberries, fancy turnips, solid cabbage, celery, lettuce, fancy potatoes, sound onions. We sell strictly for cash—do not deliver so can sell at less profit, thereby saving you money. Bring your basket and see us. Get a bottle of Duffee's Cough Syrup and save your health. Contains no opiates or poisons. Big 6-oz. bottle for 25c.

J. W. DUFFEE & CO.
The Old Reliable
Cash and Basket Grocers.

The assortment is so large that you can easily select whatever you prefer at most reasonable prices. Castile, Glycerine, Oatmeal and other good soaps at 10c and 15c per cake.

ingly, with the result that many pupils have shown a marked improvement in health and study.

In some instances the dentists locate temporary teeth that should have been removed two or three years ago, while in many cases the parents have given no attention to the condition of their children's teeth, and some of the permanent teeth are hopelessly decaying.

QUESTIONS WIN BY CLOSE MARGIN

The Springfield "Questions," one of the fastest basket ball teams from that place, defeated the "Y" team in a hotly contested game on the local floor Saturday night. The score ended 45 to 44.

The attendance at the Y. M. C. A. games has not been sufficient, considering the kind of games the "Y" offers to visitors, and unless there is a marked increase the team will be unable to continue the season.

The line-ups were:

Questions: Legge, lf; Mills, rf; Clark, c; Smith, lg; Keescker, rg.
Y. M. C. A.: Hays, lf; Sollars, rf; P. Smith, c; O'Brien, lg; Meyers, rg.

FAYETTE TO SEND 16 MORE TO CAMP

During the five days beginning February 23rd, Fayette county will send 16 additional men to Camp Sherman as the final contingent of Fayette's quota of 85 men, and these men will be selected under the new questionnaire classification from Class One, and will not be sent as originally planned last December under the old arrangement.

The names of the 16 men will be announced within a few days, and the men will then prepare for their induction from civil life into the military service. In all probability they will be sent on February 23rd, although this has not been fully determined.

All of the men will be in Class One and will be selected in the order in which their numbers were drawn, providing that some of the other men do not appear in the meantime and ask to be sent into the service. It is expected that a number will do this.

Fayette county now has considerably more than 200 men in the service, and this number is being increased almost daily.

CAMBRIAN HOTEL TO BE REOPENED

The Cambrian Hotel, located at Jackson, O., has been purchased by Mr. P. D. Hill, of Indianapolis, Ind.

It is the intention of Mr. Hill to repair it thoroughly and to make the hotel comfortable and home-like in every respect. The hotel has been unoccupied for some time, and its purchase comes as a relief to business men of Jackson.

The structure is probably the largest hotel in any town of similar size in Ohio.

PUPILS TAKE \$700 WORTH OF STAMPS

Very gratifying results were secured in the high school in the thrift movement, Monday.

About \$700 was subscribed and a long line waited their turn to get their thrift and war savings stamps.

If the preliminary results are any indication, the high school's quota will speedily be reached.

TRUNK GIVES UP BIG SIDE OF MEAT ARREST FOLLOWS

When Chief of Police D. L. Moore and one of the patrolmen went to the William Merritt home on Harrison street, armed with a search warrant filed by Harley Dunlap of this city, they discovered a big side of meat which had been locked in a trunk in the Merritt home "because there was no other safe place for it."

The arrest of Merritt followed, on a charge of stealing about \$100 worth of meat from the Dunlap premises.

The meat was stolen last Friday night and from a building formerly used as a playhouse. Only the ones who assisted in butchering were supposed to know that there was meat in the building, and when Mr. Dunlap discovered that the staple had been filed in twain and four sides, three hams and one shoulder were gone, his suspicions immediately led to the application for the search warrant.

After the police had visited the Merritt home and unearthed the big side of meat, which was confiscated, Mr. Dunlap positively identified the side of meat as one of the missing pieces.

Merritt arranged for his appearance before Mayor Dahl at nine o'clock Wednesday morning, and was released. He declared that he obtained the meat from a man near Greenfield.

GOING DOWN!

The "warmer weather" recently forecast by the weather man is becoming worse and worse. Tuesday morning the mercury touched 12 1-2 below zero, official.

Fair and somewhat warmer weather is now on the program—so says the weather man.

SUFFERS SEVERE FRACTURE OF LEG

Slipping on the ice in front of the Cherry Hotel, Tuesday morning about nine o'clock, E. D. (Happy) Rogers sustained a fall which resulted in a bad fracture of his left leg at the ankle.

Mr. Rogers was removed to the office of a physician and the fracture reduced. He was later transferred to his home.

Because of his unusual weight it will be several weeks before he will be able to use the fractured limb.

TAFT WILL SPEAK TO 200,000 MEN IN CANTONMENTS

In a tour of four of the six big cantonments in the central military department under Y. M. C. A. auspices during the month of February, former President William H. Taft will present to 200,000 enlisted men and officers his conception of the historic and diplomatic causes of the great war and the part which Americans must play therein. His appearance at Camp Funston, Taylor, Sherman and Custer, and at Great Lakes Naval Training Station will be a feature of the Y. M. C. A. program of war education among the soldiers and sailors of the country.

Mr. Taft will at the same time absorb something from army life on his tour of the central department as he is scheduled to be billeted in army quarters in each of the big camps as well as to mess with the officers and enlisted men.

Men of Camp Sherman will hear Mr. Taft on February 15 and 16, and those of Camp Custer will hear his address, entitled "The Great War," two days later, February 18. Returning to Chicago on February 19, he will then visit the Naval Training Station at Great Lakes, where 25,000 sailors are in the making, delivering his talk a number of times there on February 19 and 20.

Boost Washington; Buy at home.

IS SECOND EX-CHAMPION TO DIE RECENTLY

JOHN L. SULLIVAN.

Hero of ring battles in the days when bare knuckles were used, John L. Sullivan, who dropped dead at his home in Boston, was one of the greatest characters fightdom ever produced. His memorable battles with Mitchell, Kilrain and Corbett are known to every fight fan in the world. Sullivan amassed a fortune, and then became a temperance advocate. He lost the heavy-weight championship to James J. Corbett at New Orleans in 1892. He is the second ex-champion to die recently.

MEMOIR—WOLF

Thaddeus Wolf, son of Wm. H. and Jennie Wolf was born two miles south of Washington C. H., Ohio, December 23rd 1899 and was summoned from the scenes of this earthly life, at 5 a. m. January 30, 1918 aged 18 years 1 month and 7 days.

Besides his father and mother he is survived by four brothers and one sister whose names are as follows: Jack of this place, Ralph of Cincinnati, Allen of this place, Jesse of Cincinnati and Mrs. Bertha Sword, of Washington C. H.

He was preceded to the other world by a brother and sister Homer and Isabel who died in infancy. For the past fourteen years he lived in this town and the remaining years of his life were spent near this place. About four weeks ago he became sick but was not confined to his bed until about four days before his death. It was then found that he was suffering from typhoid fever. All that could be done in the way of medical attention and the ministry of kind and loving hands was done, but the disease could not be stayed and death came as a relief from his suffering.

He was a young man of good habits and had a high sense of standing for the better things.

In disposition he was quiet and so-

ciable and made friends readily where ever he went.

In the home he was kind and self-sacrificing and found his greatest joy in making others happy. He was cheerful in the meeting of all the duties of life, and brought the sunshine of his own disposition to the lives of all those with whom he came in contact. The memory of his quiet, loving and beautiful life will always remain as a pleasant memory to all those who have known him.

"We'll miss thee a thousand times along life's weary track
Not a sorrow or a joy but we shall long to call thee back;
Yearn for thy true and tender heart, long thy bright smile to see,
For many dear and true are left, but none are quite like thee.

MISSIONARY MEETING.

The Missionary Circle of the First Baptist church will meet at the home of Mrs. Jud Clark, Wednesday evening at 7:30. A full attendance is desired at this meeting. The Circle will observe the annual day of prayer together with the Junior and Senior Guilds of the church.

SECRETARY.

ATTENTION RED MEN.

Regular meeting Wednesday evening, February 6, 7:30. Great Sachem Bro. E. P. Smith will be present. Business that will appeal to all Brothers will come up before the Lodge. A full attendance is desired.

Epoch in Progress of The War

With the lifting of the censor's curtain revealing General Pershing's forces in action in Lorraine sector came to the American public startling realization that we are no longer preparing—we are in the war.

Over the wires came the word of battles in air, of the thunder of artillery, of the blaze of machine guns and then—of a casualty list given out in Washington and now we know it is our war.

We share in the same feeling that is France's and England's now that the time has come and American guns are booming along the American front.

For the first time Americans have taken over a definite sector and are responsible for its defense. It marks an epoch in the progress of the war.

Full of optimism and enthusiasm, fresh and unwearied and fired with patriotism to go "over the top" first, the Americans bring a new spirit into the fray. Their buoyancy is all the more in contrast now that war conditions have accentuated the phlegmatic nature of the English and scoured the gay French to a quiet fatalism and resolution. It gives new heart to the Allies to hear the roaring artillery and to know that America is in the game—nor was the opening engagement without glory for the "Sammies."

As the Germans followed the letting down their barrage of fire with a tremendous bombardment, the American artillery replied shell for shell.

So successful were our gunners that they wrecked several enemy dugouts and so badly damaged the first line of the German position that the Germans were unable to occupy it Sunday—American airmen were exceedingly active as the Germans found out early in the game.

Since the battle of Verdun there has been no fighting of importance along this front in French Lorraine. American interest will now center on the 150 miles forming, through high and broken country, the length of the front where the struggle will now be actively waged.

The historic Lorraine is once more the scene of active combat. That the free sons of a liberty loving Republic should be fighting on her soil is the world marvel today and hardly less to be believed than that a country which has achieved the greatness of Germany should have succumbed to such utter madness in her lust and greed.

Drafting Farm Labor

There is much talk nowadays of drafting farm labor—transferring men from non-essential industries to the vitally essential one of food production.

Any one in touch with conditions on the farm knows that the farmer is greatly handicapped by the uncertainty of farm labor. He is anxious to respond to the call for bigger and better crops; he is willing to do everything in his power to increase productivity, but if he can't get the help how can he hope to accomplish much?

The statement is given out that between 30 and 40 per cent of the labor that went into imperative government work, such as munition plants, shipbuilding, railroads, and last, but by no means least, the draft, came from the farm. When it is remembered that many a farmer harvested his last year's crops by the hardest, often with little help and frequently saving them only by the assistance of young boys or even women, it is not to be wondered that he is troubled and uncertain over what he can do for the coming season.

So far, although heavy drain has been made upon farm labor in the selective draft and government work, the government has taken no action to replace this loss.

Unquestionably the quality of farm labor will be inferior too. No man without experience can go into the fields and obtain the results in successful crops that those who have planted and brought to fruition for years are able to do. Consequently to accomplish the same productivity with inexperienced help it will be necessary to have a much larger number of helpers available.

The question is being asked will the government take up this matter and insure abundant planting and harvesting by drafting labor in the fields just as it has taken control to assure help in other directions.

It is hard to believe that there is a real scarcity of labor when so many loafers are seen every day.

If the government takes action so that there is surety that the loss of help on the farm will be replaced, farmers will spare no labor in the effort to double and treble the productivity of their acres.

Poetry For Today

AFTER SUNSET.

I have an understanding with the hills
At evening, when the slanted radiance
fills
Their hollows, and the great winds let
them be
And they are quiet and look down at
me.
Oh, then I see the patience in their
eyes
Out of the centuries that made them
wise
They lend me hoarded memory, and I
learn
Their thoughts of granite and their
whims of fern.
And why a dream of forests must en-
dure
Though every tree be slain, and how
the pure,
Invisible beauty has a word so brief,
A flower can say it, or a shaken leaf,
But few may ever snare it in a song.
Though for the quest a life is not too
long.
When the blue hills grow tender, when
they pull
The twilight close with gestures beau-
tiful,
And shadows are their garments, and
the air
Deepens, and the wild veery is at
prayer,
Their arms are strong around me; and
I know
That somehow I shall follow when you
go
To the still land beyond the evening
star,
Where everlasting hills, and valleys
are,
And silence may not hurt us any more,
And terror shall be past, and grief
and war.

—Century.

Weather Report

Washington, D. C., February 5.—
Ohio and Lower Michigan — Fair
Tuesday and Wednesday; not quite so
cold.

FOR BURNING ECZEMA

Promptly Apply Zemo, the Clean, Safe, Disappearing Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

NO CHIEF WILL BE APPOINTED

(Associated Press Cable)
London, February 5.—Andrew Bonar Law, government spokesman in the house of commons today announced a generalissimo would not be appointed as result of the recent conference of premiers and generals at Versailles.

ALL FUEL OIL IS TAKEN OVER

(By American Press)
Washington, Feb. 5.—A proclamation issued by President Wilson puts under license the manufacture and distribution of all fuel oils. No mention is made of other oils or oil products, including gasoline and kerosene, but, they, too, probably will be put under control soon.

Authority under the proclamation is to be vested in Mark L. Requa of California, recently named as chief of the fuel administration's oil division. Licenses must be obtained before Feb. 11 by all manufacturers and distributors, whose gross sales of fuel, including gas oil, amount to more than 100,000 barrels a year.

A series of regulations drawn by the fuel administration establishes in the east a list of preferential consumers, who must be supplied in the order they are given, regardless of contracts outstanding.

Difficulties of transportation, it is declared, both in the president's proclamation and in a statement prepared by the fuel administration, make licensing necessary that essential industries be supplied. Operation of the control will cut the supplies of the less essential industries, where lack of transportation creates a shortage.

In issuing the preferential list, the fuel administration at the same time exempted all users of oil from the operation of the Monday closing order, as it had been shown that most of the oil consumers already were exempted under previous exemptions. This exemption includes not only users of fuel oils, but also consumers of all petroleum and petroleum products.

HARTMAN THEATER

(Columbus, O.)
Entire Week February 10th.
"EXPERIENCE."

George V. Hobert's modern morality comedy drama of today, "Experience" will be presented at the Hartman Theater, Columbus, the entire week of February 10th, opening with a Monday matinee, and with matinees given also on Wednesday and Saturday.

The play tells the adventures of Youth—the average young man of today after he leaves his home and goes out into the world. After reaching the city we see Youth journey along the Primrose Path of Pleasure, and down its by-ways, which become deep and dark subways, and we follow him until his return to the starting point—

the home town cottage where Love awaits him.

In the Golden Cabaret scene one sees the very latest dances and hears the newest songs, as well as a Fashion show, in which the latest creations of the modiste's art are shown. A spectacular act is called the Corridors of Chance. Here one sees a modern gambling house with all well known devices being played, including a large roulette wheel.

There are eighty-two characters in the play and the comeliness of the young ladies is said to set a new standard of girlish loveliness for the stage. In the large cast of notable players will be seen Leonard Doyle, Duncan Penwarden, Leona Hogarth, Beatrice Benton, Mae Paul, George R. Miller, Fred Mosley, Marie Sinclair, Leota Sinclair, Jennifer Sinclair, Alice Palmer, Irene Palmer, Julia Cobb, Gertrude Dustin and many others of rare talent.

Mail orders for seats for this unusual attraction will be received now at the Hartman Theater. They will be filled promptly in order of their receipt and returned when accompanied by a stamped, self-addressed envelope and remittance, including the war tax.

As You Walk Through the Woods

do not content yourself with merely pushing aside the branches which impede your progress, for they are apt to fly back in the face of those who follow you. Cut them off. Apply this rule to your path through life and let a LIFE INSURANCE POLICY help you clear the way.

Talk it Over with Taggart

THE LIFE INSURANCE MAN

Double the Supply of Poultry and Eggs in the United States and Increase the Amount of Available Food 1,500,000 Tons

One hundred hens and several hundred chickens on the average farm, rightly managed, can get nearly all their living in spring, summer and fall "from the land." In feeding themselves they will utilize nearly all the waste grain, and consume great quantities of weeds, weed seeds and destructive insects.

One hundred hens and a few hundred chicks can turn a lot of farm waste into good food. Incidentally the poultry will leave on the land valuable fertilizer at the rate of two or three tons for every hundred birds.

One hundred hens on every farm, and one hundred eggs from every hen, mean more poultry and eggs for consumption on the farm, more to sell, more to substitute for red meat, and more power to our arms and the allies.

For Information How to Help Your Farm and Help the Nation by Raising More Poultry

Write Your State Agricultural College, or

WASHINGTON HOUSE-WIFE CHANGED FROM GLOOM TO CHEER

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayr's Wonderful Remedy and I took a course of it. I have since been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Social and Personal

The Junior Cecilians held their annual election of officers Monday night at the home of Miss Lizzie Ellen Green, on Washington avenue.

Miss Margaret McDonald was again elected president; Miss Roberta Stokesbury was elected vice president; Miss Lizzie Ellen Green, recording secretary; Miss Martha Teeters, corresponding secretary; Miss Bernice O'Brian, treasurer; and Miss Helen McKee, a member of the executive committee.

At the conclusion of the meeting, Miss Helen McKee sang sweetly "If I Were a Rose," followed by an intensely interesting and instructive talk by Miss Minnie Light, who is the supervisor for the Junior Cecilians.

A communication from Mrs. J. L. Whittington (nee Louise Larimer) was read, expressing her desire to still be an active member of the club. It was deeply gratifying to the members to know that Mrs. Whittington still holds an interest in the club.

Mrs. Arthur Leland extended the hospitality of her home Monday night to the young women of the M. F. G. Class twenty-five of whom responded. Assisting her as hostesses for the evening were Mrs. P. M. Cook, Mrs. R. C. Shister, Miss Emma Wilson and Mary Wilson.

Although having formed no unit the class have changed its monthly hangout into a knitting party and worked on Red Cross knitted articles during the evening.

A war time luncheon, with victory bread and strict observance of wheatless Monday, was served. Being Valentine month the day was prettily suggested in red hearts and decorative touches.

There was also a Valentine box, but instead of dropping in Valentines each girl put in an anonymous suggestion for the betterment of the class during the coming year. These suggestions were read with much interest and will be followed whenever possible.

Rev. Wm. Boynton Gage met with the class during the business conference to enlist the aid of the members as a pastor's aid committee, to be held in reserve and subject to the pastor's call. There was prompt response to the pastor's wishes.

Mr. and Mrs. Harley Hanes entertained with a delicious dinner at their hospitable country home on the Staunton road Sunday. The dinner followed a bob-sled ride in which Mr. Hanes took to his home the guests, Mrs. Cal Smith, Mr. and Mrs. W. B. Lynch and sons, Floyd Maxwell, Emery and Emerson.

Miss Blanche Breech most pleasantly entertained the Philathea Class, Monday night at the regular monthly business meeting and social session.

The attendance was unusually large for the bitter cold night. The girls doubly enjoyed the contrast from out door breezes in the cheer and hospitality of the home and the dainty reception served.

Mr. William Gamel is a business visitor in Columbus.

Mrs. W. L. Burke, of London, Mrs. J. F. Kerrigan, of Sidney, Mrs. Mary Boylen, of Springfield; Mr. and Mrs. John Boylen, of Delaware, Mrs. Will Howard, Me. and Mrs. Pete Howard and family, of Columbus, returned to their homes Tuesday, after spending a few days here, called by the death of Mrs. Charles Boylen.

Misses Mary DeWees and Leta Clark were in Columbus Monday to see Maude Adams in "Kiss for Cinderella" at the Hartman.

Mr. Leroy Baker has sold his garage here, and left Monday for Chillicothe, where he will be engaged in the same work.

Mrs. Frank Reicher has as her guest Mrs. George Lee of Louisville, Ky.

Miss Leona Rhoads has accepted a position in Craig Bros. store.

Mrs. George Frey and daughter, Miss Hazel, of Cooke Station, were shopping visitors here Tuesday.

Mr. D. S. Craig was a business visitor in Columbus Tuesday.

Wilbur Baker, son of Mr. Oscar Baker, formerly of this city, now resident of Los Angeles, Cal., was one of thirty in over a hundred applicants to be chosen for the Government Ordnance Class at the University of Pittsburgh. At the end of the six

weeks course, if passing both mental and physical draft examinations, young Baker will be transferred to the Government Ordnance department. A host of friends here will await the results of the examinations with interest. For some time Mr. Baker has been engaged in electrical study and work in Pittsburgh.

Mr. Henry Brownell returned Monday night from a Sunday visit with his son, Sherman, of the Aviation Section of the United States Signal Corps, at Camp Taylor, Ky. The boys were ordered to San Antonio, Tex., two weeks ago but were quarantined following an outbreak of measles and will not be permitted to go for at least another fortnight. Mr. Brownell found his son in the best of health, having put on ten or fifteen pounds of avoirdupois since beginning camp training, and thoroughly enjoying camp life. He says the boys are given excellent care and the only thing his son wanted was home made candy and a "pound of sugar."

Messrs. J. M. Baker and Rollo Marchant left the first of the week on a business trip to Alabama and Mississippi.

Mrs. Herbert Gardner came in from Indianapolis, Ind., Saturday night to spend Sunday with her parents, Judge and Mrs. F. G. Carpenter and to take her son, Robert back from an extended stay with his grand parents. They left Monday.

It has been learned with much interest by the many friends of Rev. F. E. Ross and family that the younger son, Malcolm, has given up his idea of joining the English army and returned to his home in Columbus. While not sixteen the boy was so eager to help win the war that he started eastward with the purpose of enlisting in the English army. Upon writing from an eastern city to his parents and finding them opposed to his joining while so young, he yielded to their wishes and returned home.

Miss Florence Conner, of Chicago, returned Monday night from Grant Hospital, Columbus where she has been recovering from a serious illness the past month, and will remain at the home of her sister, Mrs. Bennett King during convalescence. Mrs. G. M. Ireland accompanied her home and is also Mrs. King's guest.

Dr. A. L. Teeters, of Bowersville, is spending a couple of days with his father-in-law, Mr. Frank Flee, Sr., who is recovering from his recent illness. Today Mr. Flee's condition shows marked improvement.

Mrs. Leslie Walsh, who has been residing with her mother, Mrs. Wm. Crooks, of Millwood Avenue, left Wednesday for Dayton to join Mr. Walsh and make their future home in that city.

Mr. Charles Strey of the Samson Hardware Co., is a business visitor in Detroit.

Mrs. John Wilson returned Monday night from Dayton where she has been visiting her daughter, Mrs. Forest Horne and family.

Mr. and Mrs. Horatio Wesley Wilson are announcing the birth of an 8 1/4 pound daughter at their home on the J. M. Willis farm near Bloomingburg, Monday.

Mrs. Valentine Hoppers was called to Picketon Sunday by the death of a cousin, who was burned so badly on Friday, that she died Saturday morning.

Mrs. S. B. Allen, of Columbus, is spending several weeks with her daughter, Mrs. Harry M. Roberts.

Friends of Miss Pauline Adams, daughter of Mr. and Mrs. George Adams, of St. Louis, Mo. will learn with much regret that she has been seriously ill and is now in St. John's Hospital.

Mrs. Glen Rodgers returned, Monday from a visit with her sister, Mrs. Fred Schmid, in Springfield. Mrs. M. F. Stackey, who accompanied her daughter went on to Columbus to visit her daughter, Mrs. R. C. Evick.

Mr. Herbert Brownell left Monday for Boston, Mass., where he expects to remain some weeks on business.

"A son was born Saturday, February 2, to Rev. and Mrs. Eugene Prosser, of Columbus, at the Male Hospital in Wilmington. Rev. Prosser arrived in Wilmington Sunday, to see his young son."—Wilmington News.

1700 INMATES IN EPILEPTIC HOME

According to assistant superintendent of the O. H. E. grounds at Gallipolis, who came to this city after Ernest Lovitt, who had escaped from the O. H. E. in January and was arrested here, there are 1700 inmates in the institution at the present time.

Records of the institution show that comparatively few persons are ever discharged from the O. H. E. as completely cured.

SEARCH FOR CHILD

LILLIAN ROSEGER

The aid of several city departments all the school children of the city, the Boy Scouts, moving picture houses, and various other agencies have been enlisted in the search to find little Lillian Roseger, who mysteriously disappeared from her home several days ago in New York City. The police entertain the theory the child is being held prisoner by a demented person. They refuse to believe Lillian is dead.

LESS THAN FOURTH OF SEED CORN IS FOUND ALL RIGHT

Startling Results of Test Just Concluded Through Co-operation of the Schools Shows Necessity of Testing and the Shortage of Good Corn.

Tests just completed by the various schools of the county, show that less than one-fourth of the 29 samples of seed corn under test will germinate, and that in no instance, even where corn was fire-dried, will more than 50 percent of corn grow if planted.

And from the 50 percent of corn fit for seed, the tests go down to the zero mark, or not a single germ was found that would germinate.

This clearly demonstrates the necessity of extensive testing and careful buying of corn for seed, or a great shortage of next year's crop may be expected.

The results are given below, showing name of farmer whose corn was tested, his address, variety of corn tested, quantity from which selected, manner of storing and the result in percent of grains that would germinate:

H. W. Bussert, Blomingsburg, Bloody Butcher, 5 bushels, crib; 12 percent.
H. W. Bussert, Blomingsburg, Dunsoth, 5 bushels in crib; 3 percent.
H. W. Bussert, Blomingsburg, Johnson, 5 bushels, in crib; nothing.
Lewis Moore, Washington C. H., Yellow, 2500 shock; 50 percent.
Frank E. Haines, Washington C. H., 8 bushels, granary; 7 percent.
E. C. Crouse, Washington C. H., Rotten Clarge, 400 shock; 4 percent.
Hays Dill, Washington C. H., Yellow, 10 hangers; 46 percent.
Hays Dill, Washington C. H., Yellow, 3000 crib; 4 percent.
Hays Dill, Washington C. H., Improved Clarge, 300 bu. in shock; 4 percent.

Roy Rankin, Washington C. H., 300 bu. in shock; 15 percent.
David S. Hagler, Austin, O., Reids, 300 bu. in crib; 23 percent.
L. Ervin Parrett, Washington C. H., Yellow, 1000 bu. in crib; 15 percent.
L. Ervin Parrett, Washington C. H., Yellow, 10 bu. fire dried; 80 percent.
W. Wilson, Washington C. H., Mortgage Litter, 600 bu. in crib; 65 percent.

T. T. Beatty, Washington C. H., 300 bu. in crib; 3 percent.
James King, Good Hope, (in bag), 20 bu.; 41 percent.
James King, Good Hope, (in can), 44 percent.

Tom McDonald, Washington C. H., Improved Clarge, 20 bu. gathered early; 62 percent.

T. J. Junk, Washington C. H., Dunsoth, 300 bu. in crib; 8 percent.

T. J. Junk, Washington C. H., Dunsoth, 1000 bu. in shock; 12 percent.

Coughs and Colds

If you have escaped a cough or cold this winter you are a very lucky person. There are hundreds of persons who have coughs and colds and they are all in danger of having pneumonia. Nyal's Winter Cough Syrup and Laxacold Tablets will prevent your cold developing into pneumonia if taken in time. They work wonders when taken together.

TESTED RECIPES FOR WAR TIMES

(Note—This column is meant to be a practical aid to the housekeeper, to whose manifold duties the war is adding its quota of trials. It will be conducted on a "give and take" basis. You give your recipes to others by publication in this column, and take from those of others.

Send in tested recipes, original or otherwise. No names will be used in connection with the recipes. Mail or bring the recipes to the Herald Office.—The Editor.)

Nut Cheese.

1 cup stewed tomatoes, 1 cup peanut butter, 1 1/2 cup cornstarch, salt. Stir peanut butter and cornstarch into the tomatoes until thoroughly mixed, and add salt to taste. Pour into an oiled earthen dish and serve either hot or cold, cutting in slices as for meat loaf.

Cottage Cheese Drop Cookies

4 tablespoons vegetable oil, 1 cup corn syrup, 1 egg, 1 cup cottage cheese, 1 1/4 teaspoon soda, 1 teaspoon baking powder, 1 1/2 teaspoon nutmeg, 1 3/4 cups flour (about).

Add the vegetable oil to the corn syrup, mix well and add the egg and the cottage cheese. Sift the dry ingredients together and add them to the mixture. Drop the dough by spoonfuls on greased pans and bake them in a moderate oven. The amount of flour will vary with the amount of moisture in the cheese.

Whey Salad Dressing.

1 cup whey, 1 1/4 cup vinegar, 1 teaspoon mustard, 1 1/2 teaspoon salt, paprika, 1 1/2 teaspoon tumeric, 3 tablespoons flour, 1 1/2 cup sugar, 2 tablespoons vegetable oil.

Heat the vinegar and the whey. Mix all the dry ingredients add them to the whey, and cook the mixture until it is smooth and thick. Then add the fat or oil to the dressing.

OBSERVE 1918 AS CHILDREN'S YEAR

(Associated Press Cable)

London, February 5.—The British Sunday School Union is appealing to religious organizations throughout the world to recognize 1918 as a special "children's year." The idea is, that all meetings and conventions throughout the year shall give the utmost prominence to the problems connected with the training of the young.

The Sunday School Union's appeal urges that "the children and young people of the world are passing through a psychological and spiritual crisis, and that efforts should be made to inspire them with high ideals of character and duty."

OAK POOL ROOM CHANGES HANDS

The Oak Pool Room, which for years has been owned and managed by James Whelpley, has been sold to Geo. (Pet) Ilyer, who is now in charge and G. L. Spragg is the new manager.

The transaction was closed through the agency of Chas. Gerstner.

You Are Invited To Attend The E-B School of Tractioneering

To be Held at The Ortnan Motor Company
In Washington Court House, Ohio, on

Tuesday and Wednesday, February 12 and 13

There is no charge for tuition and we are sure the instruction given will prove valuable and interesting. The lessons will include lectures, with charts and lantern slides, as well as practical demonstrations with tractors. If you are interested please advise Ortnan Motor Company, and they will put your name on the register and make you welcome, but remember you will be welcome even though you do not register. The school starts promptly at nine o'clock Tuesday morning and will be informal. Every one will have a chance to ask, and have answered, any question regarding tractors.

Emerson-Brantingham Implement Company Indianapolis, Indiana

We take pleasure in joining in the above invitation. In addition to E-B Tractors we will show for the first time here the E-B 4 Cylinder Motor Cultivator.

THE ORTMAN MOTOR COMPANY

SOLDIERS' LETTERS

The writer of the following letter is a Fayette county man, whose home is near Madison Mills, and who at one time was a candidate for County Surveyor of Fayette County. The letter is written to Mr. E. A. Parrott.

Somewhere in France, Dec. 27.
Dear Mr. Parrott—I received your letter today and was certainly glad to get it, and to know that you are doing all you can to win this bloody war by doing all that you can to increase the productivity of your farm, which is necessary to supply food to the armies. There is as much to be done over there as over here, and anyone who does his or her best over there is just as much a patriot as the ones that comes over here.

Since coming over in August I have seen quite a lot that I never expected

to see. I saw Ireland, Scotland and Wales and came across England, visited London and passed through Paris and since then our men have been within sound of the guns all the time. We have been in a part of the country that had been overrun by the Germans since the war began. Some places not much damage had been done and in other places towns have been entirely burned, and up where we are now there are not many women and children. Most of them have gone back farther and most of the towns show signs of shelling and bombing. All through the country you can see graves in groups as the men had been buried where they fell. The graves are surrounded by a railing three feet high, made from limbs of trees. A cross stands at the head bearing a metal plate with the name of the soldier and enough other information stamped on the plate to make a positive identification.

To look over this desolate country it brings home to you the true realization of what war means. But knowing all that I know now, I am glad that I am over here, and glad that I am in the organization to which I belong. I think that I can do more good in it than in anything else, as I am

doing the same kind of work that I have been doing for a few years.

Our regiment is operating a military railway line behind the French lines, and I have been running a French engine. The work is not very much different from that in the United States, only slower. The object is not speed, but "get there."

We had nice weather for the first six weeks that we were over here and then almost six weeks of almost continuous rain, and now we are having very nice mild winter weather. We have two or three inches of snow and just cold enough to keep from melting.

Today I received five letters from different people and if I don't answer them today I am afraid that I might neglect them altogether. We get all of our mail pretty regularly. It takes from three to six weeks to get here.

Had a dandy time Thanksgiving and Xmas. Had turkey both times. What more could a fellow want? More than many would have had it back home.

Yours truly, Kenneth Crow.
Co. A, 13th Engineers Ry. U. S. Army.
American Ex. Force, via New York.

The following letter is from Clarence Hard, of this city, written to his mother, Mrs. C. C. Hard:

"Somewhere in France,
December 31, 1917

"Dear Mother:—
"I arrived in France safely. I am well, and hope that all of you are the same.

"At present we are situated in (location deleted by censor). The place in which we are staying is a village of only a few people. The inhabitants of the village allow us to come into their houses and warm during our idle hours, and as it is only about 10 degrees above zero, we appreciate the opportunity. They always welcome us, and always invite us to return.

"There are a good many things that I would like to write you about, but the censorship is very strict, and I shall refrain from doing so.

"I liked the trip across the ocean all right but for a few exceptions.
"CLARENCE HARD,
"Co. A, 6th U. S. Engineers."

The Herald is indebted to Mr. R. C. Hunt for the following very interesting letter from a personal friend who is also in the United States Navy, who has been in active service for some time, and realizes that "Uncle Sam is doing business on a big scale."
Norfolk, Va., January 21, 1918.
My Dear Mr. Hunt:

Back again after our fourth trip, just got into the Roads this morning and start coaling tomorrow morning, then I suppose it is back again, though there is some talk of a brief lay-up this time for much needed repairs, as we have been going it pretty steadily the past eight months.

I wish you could see some of the results of the terrific war energy of the American people once aroused, as exemplified in the transformation of our port of entry.

When we first arrived, last July, we found a sleepy port almost depleted of its men, broken in spirit due to the ravages of the war, with scarcely a man on the dock to catch a heaving line; now when we arrive we wait outside for our turn to unload, for as far up the basin and the river beyond as one can see are transports after transports discharging cargo, consisting of everything from fighting men to ivory soap; docks lined with sweating stevedores and the holds filled with equally sweaty sailors, while the cargo booms swing back and forth, completing the last link between the U. S. A. and France.

Uncle Sam is doing business on a big scale and the results are beginning to show in such a manner that we actually are beginning to see some of our own Detroit boys of the army on the street when we go ashore, when the last we heard of them was when they were trying to make up their minds as to whether they would come with us or not.

Have secured my permanent rating in which I was acting so long and am quite pleased as I was the only volunteer who has been made a Petty officer in the Seaman branch thus far on the ship.

Are here to coal which will take a few days and then our movements are somewhat indefinite, but probably will start back again.

Believe me, when I tell you that no sailor ever sails the North Atlantic in January if he can help it, not from choice certainly, for any man who has stood a "12 to 4" midnight watch in the foretop with waves breaking over the fore's'le of a 600 foot ship coupled with fine rain and sleet with the thermometer about five above zero, will tell you that the U. S. S. Civilian is a far better ship.

However, it doesn't seem to hurt any of us very much, there being practically no sickness among a crew of 500 men. I really enjoy it.

Had a splendid time at home with Dad after the last trip and hope to be able to see him again this time.

Love to Mrs. Hunt and best regards to my good friends in Washington C. D.

NOW IS TIME FOR ALIENS TO REGISTER

Now is the time for all German aliens in the city to report at police headquarters and register, or run the risk of being interned until after the war.

Any person born in Germany, and who has not been naturalized is among the German aliens, and must report for registration without delay.

SEEK INCREASE

(By American Press)

Washington, Feb. 5.—A. B. Garretson, head of the conductors' organization, and W. G. Lee of the trainmen appeared before the wage commission here. They presented statistics showing the increased cost of living and the inadequacy of the present scale of wages paid freight and passenger conductors and trainmen. For the conductors, Garretson asked a flat rate of \$5.20 per 100 miles, for the freight conductors and \$3.25 per 100 for passenger conductors. The difference between the demands is based upon the fact that the freight conductors average a slower run than the other class. The present rate for the former is \$4 to \$5.18 and \$2.99 for the latter.

Trainmen, admittedly the lower paid of organized railroad employees, asked through Lee, their president, increased compensation through the various grades, amounting to about 60 per cent of the increased cost of living. According to figures supplied the commission this cost has risen from 45 to 62 per cent since the war started.

Next week W. S. Carter, president of the firemen, and W. S. Stone, the engineers' chief, will testify as to the needs of the employees they represent.

COLUMBUS PIKE RESOLUTION UP

The resolution calling for the rebuilding of 14 miles of the Columbus pike, from this city to the county line near Cooks Station, was taken up by the county commissioners Monday afternoon and passed.

This is the preliminary step of Fayette county in the project to rebuild some 22 miles of the Columbus pike, from this city to Harrisburg, where it connects with the rebuilt road from Harrisburg into Columbus.

It is expected that the county commissioners of Madison and Pickaway will fall into line with their preliminary

steps so that the road may be improved at one time and as soon as possible, although it is expected that no actual improvement or rebuilding of the road will begin until in the spring of 1919.

The kind of material to be used has not been decided upon, nor will it be decided upon until plans and specifications are submitted and estimates made.

The next step in this county is the preparation of plans and specifications which will be done under direction of the State Highway Commissioner.

The road is to be improved by the state paying one half the cost; the county 25 percent, townships 15 percent and property owners 10 percent.

The Herald—First in Circulation, first in the home, first in advertising.

Save butter, lard, suet. Have better food at less cost. Use

MAZOLA

Since Mazola is a vegetable oil it enables you to save butter, lard and suet in deep frying, sautéing, shortening as requested by Mr. Hoover.

And since it is pressed from golden American corn, you can be sure of its purity.

It is more economical than the old cooking mediums because it can be used over and over again—does not transmit taste or odor from one food to another.

Get Mazola from your grocer in pint, quart, half-gallon or gallon tins—the large sizes are the most economical. Also ask for the free Mazola Book of Recipes, or write us direct.

Your money refunded if Mazola does not give entire satisfaction.

SELECTS WILL SOON DEPART

(By American Press)

Chillicothe, O., Feb. 5.—Camp Sher-
man boys may soon see overseas ser-
vice. A call upon Ohio and western
Pennsylvania selects has gone out.
Volunteers to the number of 6,000 are
asked for. Five thousands of these
will be the first comparatively large-
sized body of Camp Sherman troops
to be assured active duty in France.
It is not permissible to say how
soon the men will leave nor give other
details, save that they will go be-
fore the division moves and that they
more than likely will be on their way
before the end of February.

Of the 6,000 volunteers, 1,000 are
wanted for other camps. Five hun-
dred machinists are to go to Camp
Grant, Rockford, Ill. The call asks
also for 50 motor truck men, who are
to be sent to Fort Myer, Va.; 64 ma-
chinists to go to Camp Dix, Washing-
ton, and 13 plumbers and laborers to

NOTICE OF THE SALE OF SCHOOL PROPERTY.

Pursuant to a resolution adopted by
the Board of Education of Union
township rural school district, Fayette
county, Ohio, on the 3rd day of
December, 1917, for the sale of cer-
tain school property in said district,
known as the Wright School, District
No. 2, said Board of Education will
offer for sale at public auction on

MONDAY, FEBRUARY 18TH, 1918,
at 10 o'clock a. m., on the premises
herein after described, the one room
brick school building and out build-
ings together with the following de-
scribed real estate, situated in the
township of Union, county of Fayette
and State of Ohio. Beginning at a
stone in the Leesburg Pike corner to
John Tanquary and H. H. Edwards,

thence S. 83 degrees 22 minutes, E.
on the line of said Tanquary and Ed-
wards 16 poles to a stake; thence N.
6 degrees 38 minutes E. 16 poles to
a stake; thence No. 83 degrees 22
minutes W. 16 poles to a stake in the
Leesburg Pike; thence S. 6 degrees
38 minutes W. poles to the begin-
ning, containing ONE ACRE.

Said school property will be offered
for sale as follows:

1. The school building and out
buildings will be offered separate
from the real estate.
2. The real estate will then be of-
fered separately.
3. Both buildings and real estate
will then be offered for sale as a
whole.

Said school property will then be
struck off and sold to the highest and
best bidder for said premises.

Said Board of Education reserves
the right to reject any and all bids.
Terms of sale—Cash.

Dated this 15th day of January,
1918.

By Order of the Board of Education
of Union township rural school dis-
trict, Fayette county, Ohio.

W. W. WILSON, President,
R. R. MADDOX, Clerk.

go to the same place; four statisti-
cians and tool designers to go to the
Watertown (N. Y.) arsenal; 100 bak-
ers to go to some quartermaster
school yet to be named, and a gun
designer to report to the chief signal
officer at Washington.

Officers say the asking for volun-
teers is superfluous. They assert the
Ohio selects are so anxious to get to
France that there will be so many
volunteers it will be necessary to pick
the men from volunteers.

The one big restlessness in Camp
Sherman is that of wanting to "get
to fighting." While the men are not
complaining of conditions here, they
do want action. The quicker they get
it the happier will be the 33,000-odd
now keyed to the fighting pitch.

Officers here who have had cavalry
experience stand an excellent chance
of getting back into that branch of
service through transfer to the new
regiments that are to be formed for
overseas, as announced last week by
the war department. The war depart-
ment has asked for a list of names of
eligible men.

Fred Hufford and William A. Gour-
ley of Marietta did not sell their
places in the Rainbow division to
"German spies," it was officially an-
nounced. The two were arrested re-
cently and now are held here as de-
serters. According to word by way
of Washington from General Per-
shing, a check of the men shows that
Hufford and Gourley left the Rainbow
division at an eastern port of em-
barcation on Oct. 13 without required
passes. They were formally charged
with desertion Dec. 12.

COUNCIL SESSION SHORT AND SWEET

The regular session of the city
solons, Monday night, was of about
nine minutes duration, during which
time the routine business was trans-
acted and then adjournment was tak-
en.

"What's the use of long drawn out
sessions when there is no particular
business on hand?" is the way one
solon looks at the problem, and this
view is evidently shared by other
councilmen.

All members were present. There
was no visitors, and no business out-
side of approving the City Auditor's
report, which showed the following
balances on January 1st: General fund
\$145.43; Safety, \$1096.98; Health,
\$132; Service, \$3398.08.

Two or three committees, including
the safety committee regarding lease
of part of the engine house, had no re-
ports, and the respective matters were
carried over. The sale of the Market
street bonds to the Commercial Bank
was confirmed.

In all probability there will be no
further sessions of the city council
until the regular meeting next month.

CHARLOTTE TUTTLE SISTERHOOD

Special called meeting of the Char-
lotte Tuttle Sisterhood, Wednesday
evening at seven o'clock at the home
of Mrs. Chas. Gage, West Court St.

All members requested to be pre-
sent.

28 12 PRESIDENT.

SUGAR COMING

(By American Press)

Columbus, Feb. 5.—Enough sugar
to furnish a pound for every man,
woman and child in Ohio is on its
way here as a special consignment to
relieve the sugar shortage in this
state, according to word received by
State Food Administrator Croxton
from G. M. Rolph, head of the sugar
division of the federal food adminis-
tration. The consignment consists of
68 cars; each loaded with about 70,000
pounds. It has been parceled out ac-
cording to needs in communities with-
in the state. This emergency ship-
ment, supplementing what will be re-
ceived through the regular channels
of trade, is expected to relieve con-
ditions somewhat, according to Croxton.

ANDY C. NELSON IS OFFICIAL WHO WILL CATCH DOGS

New Deputy Sheriff Will Begin
Duties at Once and Public is
Asked for Co-operation to Make
Canine Law Effective and In-
sure No More Dodging of Dog
Tax.

Clothed with authority granted by
the County Commissioners at their
Monday session, Sheriff Henry W.
Jones has appointed Andy C. Nelson
as Deputy Sheriff for the purpose of
looking after the dog question in Fay-
ette county and enforcing the law re-
lating to the licensing of every dog,
picking up strays and devoting his en-
tire attention to ridding the county of
untagged and worthless dogs. He will
draw \$75 per month.

Deputy Nelson will go to Colum-
bus at once and obtain the parapher-
nalia for conducting the dog-catching
work in the county, and arrangements
will be made for impounding the ani-
mals the necessary four days before
they are "humanely destroyed."

Persons who have obtained tags
should place them on collars and see
that the collars are kept on the dogs,
otherwise the dogs may be picked up
by the new official, impounded and
killed.

The law provides a penalty for those
who fail to keep their dogs tagged,
and for those who fail to obtain li-
censes for their dogs, a fine of \$25 is
provided, so that the person who may
have delayed obtaining a tag for his
dog should do so at once.

Farmers in general are urged to re-
port all stray dogs, and dogs not
wearing tags. This also applies to
residents of Washington and the other
towns of the county. Complaint
blanks are placed with each Justice
of the Peace, and when the complaints
are made to the Justice of the Peace,
they are forwarded to the official dog
catcher. Direct complaint may be
made to the Deputy Sheriff at the
Sheriff's office.

DENTISTS WILL ATTEND BIG MEET

Local dentists are planning to at-
tend at least one day's session of the
Midwinter meeting of the Retinoid
Dental Society with the 3rd Division
Dental Society, U. S. N. A., which will
be held in the central Y. M. C. A.
auditorium at Camp Sherman, Thurs-
day and Friday of this week.

The meeting is one of the largest
ever held in Ohio, and prominent men
from all parts of the United States
are on the program.

FINE FOR RHEUMATISM!

Musterole Loosens Up Those
Stiff Joints—Drives Out Pain
You'll know why thousands use Mus-
terole once you experience the glad re-
lief it gives.

Get a jar at once from the nearest
drug store. It is a clean, white ointment,
made with the oil of mustard. Better
than a mustard plaster and does not
blister. Brings ease and comfort while
it is being rubbed on!

Musterole is recommended by many
doctors and nurses. Millions of jars are
used annually for bronchitis, croup, stiff
neck, asthma, neuralgia, pleurisy, rheu-
matism, lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frosted feet, colds of
the chest (it often prevents pneumonia).
30c and 60c jars; hospital size \$2.50
